SAMUEL VASAMSETTI

STUDENT

I am a pre-final year CSE B.Tech student who is an excellent learner, very enthusiastic about building potential solutions using computer technology and passionate about software development.

EDUCATION

GITAM University, Visakhapatnam
Computer Science & Engineering (CSE), B.Tech | 2019 - 2023

- Current CGPA: 9.59
- Came under top 10 in almost all inter-college coding competitions.
- An active member in 5 student clubs.
- Chosen to lead assigned teams in almost all academic activities.

EXPERIENCE

- **Freelancer**
  Fiverr (App Development, Data Scraping & Digital Designing)
  Feb 2021 - Present

- **App Developer**
  Google Developer Student Club (GDSC), GITAM
  Aug 2021 - Present

- **Graphic Designer**
  Computer Society of India (CSI), GITAM
  Jan 2021 - Present

  GITAM University Science & Activity Center (GUSAC)
  Oct 2020 - Present

  GITAM 360
  Aug 2021 - Present

PROJECTS

- **GITAM Student App**

  Developed an Android app - The GITAM Student App. It is a beautifully designed app that allows GITAM students to access their G-Portal, G-Learn and G-Results with ease. It also features a section to provide important links, news & other educational content for the users. The app is used by over 600 students of the University. Most students found it useful and provided good feedback.

- **Records App**

  Records app is made for a client on Fiverr. The app is designed to load and process custom structured JSON, XLSX or XLS data and provide various functionalities. The client was very happy and pleased with the app as it satisfied their requirements.

- **Data Scraping & Text Extraction from Images**

  This project aims to scrape and process data related to programming and CSE from the web and generate well-formatted files like spreadsheets, PDFs, etc using the extracted data. The project was suggested by one of my university professors.

Currently working on 2 additional projects.
